DEAR FRIENDS OF BIG BROTHERS BIG SISTERS OF COLORADO,

We extend our heartfelt thanks to the extraordinary donors, supporters, volunteers, and staff who helped make this another remarkable year. Your generous commitment to our mission helps provide the critical resources needed to increase our impact and truly make a difference in the lives of children facing adversity in the Denver metro and Colorado Springs regions.

During our 2017 fiscal year, there were a number of accomplishments of which we are extremely proud, many of which are highlighted in this report. For one, Big Brothers Big Sisters of Colorado continues to be recognized as a leader in mentoring excellence. This year, we were named as a Big Brothers Big Sisters of America Quality Award winner, which is used to recognize the strong work ethic of agency leadership and staff in providing high-quality programming for the children we serve. Only 11% of all Big Brothers Big Sisters agencies received this award. This honor validates the significant work of our staff and volunteers to grow and deepen our impact while maintaining exceptional standards of quality and a focus on serving youth.

While we are consistently recognized for quality services, we also strive to improve our programs, especially for the most vulnerable populations we serve. To this end, we were fortunate to be selected as one of only 20 BBBS affiliates to receive a two-year pilot grant focused on enhancing mentoring services specifically for LGBTQ youth. As an agency dedicated to inclusiveness, we want to be sure our programs are truly welcoming and impactful for everyone.

As we look ahead to our 2018 fiscal year, during which we will celebrate our Centennial Anniversary, we know the demand for our programs is increasing throughout Colorado. We also know, from research and our own 100 years of experience, that spending time with a child through mentoring works, leading to improved grades in school, decreases in risky and delinquent behavior, and increases in self-confidence.

Big Brothers Big Sisters of Colorado is an essential asset to our community, strengthening the network of services available to vulnerable families and contributing to the developmental, educational, and life-long success of our youth. Through our proven one-to-one mentoring programs, we are truly changing the lives of youth today as they grow into future community leaders and engaged citizens.

Thank you for your tremendous support and your investment in the future of our community's youth.

In appreciation,

Dave Ryan
CEO

Chair of the Board of Directors

- **Completed the Study to Analyze Relationships (STAR) Project,** a national research project which aimed to determine the factors that contribute to matches ending before the one-year milestone. As a result of preliminary findings, we have launched a "closure committee" to further examine our intake, match support and closure processes and implement program changes in order to prevent match closures.
- **Little Brother Miles and Big Sister Ava, matched in Community, were featured in Big Brothers Big Sisters of America's November 2017 newsletter** to highlight Miles' role as the youngest of 15 Youth Ambassadors for the Human Rights Campaign (HRC). ABOUT US

OUR MISSION

The mission of Big Brothers Big Sisters of Colorado is to provide children facing adversity with strong and enduring, professionally supported one-to-one relationships that change their lives for the better, forever.

INCLUSIVENESS STATEMENT

As an organization dedicated to inclusiveness, Big Brothers Big Sisters of Colorado values and celebrates the diversity and individuality of every child, volunteer, employee, board member, family, and community partner.

OUR PROGRAMS

Big Brothers Big Sisters of Colorado matches children (Littles) from low-income, single-parent homes with volunteer mentors (Bigs) and serves them up to the age of 18 through four core programs:

- **Community Based Mentoring**
  The traditional Big Brothers Big Sisters program in which each Big and Little meet several times per month and choose activities to do together in the community based on shared interests and match goals.

- **Sports Buddies Mentoring**
  An innovative program designed to engage male volunteers to mentor boys in the community who are in need of male role models (still, the program is open to all genders). Matches meet one to four times per month to participate in agency-supervised activities that involve attending and/or participating in sports.

- **Mentor2.0**
  Our newest mentoring program that serves high school students in low-income communities. Mentor2.0 builds a one-to-one mentoring relationship between a student and an adult mentor through weekly online communication and monthly in-person group activities. The program uses a proven curriculum to ensure students graduate high school prepared for post-secondary education and the workforce.

- **Military Mentoring**
  Programs offered in partnership with the US Air Force Academy and Fort Carson in Colorado Springs.

  - **Falcon Club:** Air Force Academy Cadets are matched with children from the community and participate in agency-supervised activities.
  - **Operation Mentor:** Mentors from the community are matched with children who have a deployed military parent, active duty parent, or a parent who has died as a result of combat-related duty.

OUR IMPACT

OUR DATA

Big Brothers Big Sisters of Colorado uses the Youth Outcomes Survey (YOS), a nationally-validated survey that relies on pre and post-test methodology, to measure impact in the following areas: social acceptance (relationships with peers), scholastic competency (confidence in school abilities), educational expectations (high school graduation and college attendance/completion), grades, parental trust, and attitudes toward high risk behavior (drugs, alcohol, violence). Our Program Specialists administer this survey to each child before they are matched with a mentor and again at 12-month increments.

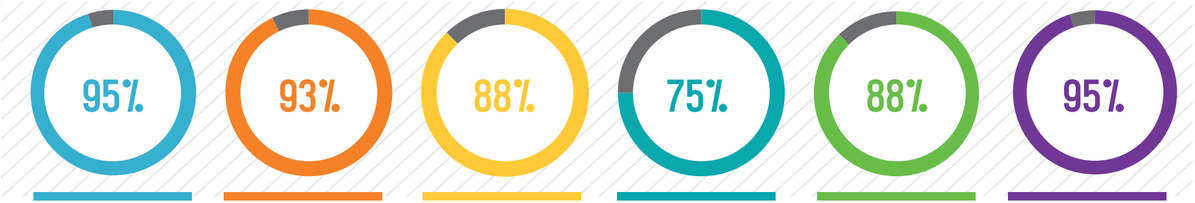
SCHOOL ATTENDANCE

of youth in our program **maintained or improved their attendance** during the 2016-17 schoolyear, as compared to their 2015-16 schoolyear attendance.

2017 OUTCOMES

Of the children in our programs who completed a YOS in FY17:



- improved or maintained in the area "Social Acceptance," which is linked to school achievement, improved conduct, and a lower likelihood of dropping out of school.
- improved or maintained in "Scholastic Competency," which is associated with better mental health and higher grades.
- improved or maintained in the area "Grades," in math, language arts, social studies, and/or science, which is linked to increased high school graduation rates.
- improved or maintained in "Educational Expectations," which has been shown to have longitudinal association with school performance and standardized test scores.
- improved or maintained in "Risk Attitudes," which are linked to risky or delinquent behavior such as alcohol and drug use, breaking school rules, and violent behavior.
- had positive outcomes in five of the seven outcome areas.

MENTOR2.0

At the end of the schoolyear, iMentor staff conducted their own evaluation survey which resulted in outstanding reviews for our program. These are their findings:

- **90% of mentees reported wanting to go to college,** and 84% expect to attend college. College aspiration is a critical precursor to a student being able to graduate high school prepared for college success.
- **99% of mentors were rated as high quality,** meaning they met or exceeded expectations in 3 out of 4 categories on the Mentor Quality Rubric.
- **97% of matches met the online engagement participation target** and 66% also met the in-person meeting benchmark. Online engagement reflects mentee participation in classroom lessons and mentor responsiveness to their mentees. Additionally, in-person meetings between matches are critical for developing strong pair relationships.
- **85% of mentees reported that they trust their mentor,** 51% said they go to their mentor when they need support, and 84% said that their mentor is a good match for them, all of which are considered to be components of a strong mentoring relationship.

In 2016 our Board voted to change our fiscal year from January – December to October – September. Most of our revenue comes in during October – December, which historically has made it very difficult to make adjustments to ensure we do not end our fiscal year with a deficit. By changing to an October – September fiscal year, most of our revenue will come in during our first quarter, allowing us to adjust as necessary and have more time to make up any shortfall. This change went into effect on October 1, 2016. We are pleased to report that we ended the first fiscal year on this new timeline with a surplus of $303,090.

MATCH STORY

"It's nice to have someone older to tell what I feel about things and someone I know will be there for me."

– Little Brother Luis

LITTLE BROTHER LUIS & BIG BROTHER BRANDON

Brandon and Luis were matched through Sports Buddies in 2010 when Luis was just nine years old. When Luis came into the program he was soft-spoken and shy at times. His mother, Christina, said he had trouble expressing himself. His father had been deported to Mexico when he was just a baby and he was the only boy in a house with five other siblings. Christina hoped to find an honest and trustworthy Big Brother for Luis. And, Brandon was just that...

quickly becoming the person Luis looked up to.

Through meeting consistently at Sports Buddies events, the two have built a strong and enduring friendship. Luis said, "Brandon is like an actual older brother." They especially enjoy competing in dodgeball and basketball, pushing each other to prove what they can do. Luis is thankful for Brandon and appreciates that he is open-minded. Luis said it's nice to "have someone older to tell what I feel about things and someone I know will be there for me." Brandon has taught him how to be the man of the house and how to be responsible.

After seven years of being matched Christina said Luis still looks forward to seeing Brandon. She said she can tell that Luis is comfortable around Brandon and she finds comfort knowing that Luis has someone he talks to. Christina knows there are conversations Luis doesn't want to have with her that he'll have with Brandon. She also appreciates how Brandon has been one of the only male role models in Luis' life. "Luis respects Brandon. He looks up to him and has been a positive influence on his life. We're thankful for him," said Christina.

Today Luis continues to be soft-spoken at times. However, he is much more confident in himself and outgoing. He is kind, polite, engaging and has a good group of friends surrounding him. There's no doubt in Luis or Christina's mind that Brandon played a big role in this. Brandon and Luis are also great role models for their other Sports Buddies peers. They come to events with a positive attitude and willingness to help set up / tear down for events and engage in the event. They show and verbalize their appreciation for our events, staff and each other.

It takes significant dedication to the program and each other to remain matched for so many years. "While their consistency and commitment to seeing each other at events is impressive, it's the way they approach events that I appreciate most," said Mele Fields, Program Specialist for the match. "This commitment shows that they both value their match and are willing to make it a priority to spend time together."

Brandon began his journey as a Big after college as an outlet to give back and have a positive impact on the community. Brandon said he felt like he could relate to Luis because he was a quiet kid too. However, he enjoyed watching Luis start to open up and feel more comfortable with him. Brandon recognizes that Luis is not the only person who has grown as a result of this program. He said the experience has taken him out of his comfort zone. It's also given him the opportunity to reflect upon his younger years and what went right and wrong in hopes of helping mentor the next generation. "I've learned to put others first, to set aside some time during my weekend to be there for someone else, and to get out there and be active and engaging," said Brandon.

This year Brandon has been there to help Luis' transition into high school and had an opportunity to be there for Luis in an even greater way. Luis started the mentor2.0 program at Sheridan High School and Brandon stepped up to the plate to be his mentor in that program, as well. Brandon is now able to work with Luis in a greater capacity to ensure he graduates high school with a well thought out post-secondary plan.

Brandon has truly been the epitome of consistency. He makes his time with Luis a priority, is flexible, dependable, engaged, and looks to make the most of every event with Luis. After many years together and the various life changes that come along the way, they continue to be a very strong. Their relationship serves as a model for the power of one-to-one mentoring.
